FIFTY-FOURTH YEAR No. 6

CEDARVILLE, OHIO, WEDAY, JANUARY 16, 1931

PRICE, \$1.50 A YEAR

NEWS LETTER FROM STATE DEPARTMENTS

COLUMBUS, O.—Sweeping changes are taking place in administration circles since the inauguration of Governor George White on Monday of this week. Especially is this true in the Highway Department where a number of excellent positions will be parceled out to faithful party workers. There will be a number of positions to dole out in the various divisions of the Department of Commerce, including that of the Fire Marshal, whose assistants are not in the classified service. The same is true in the Probation division where all employees are exempt from civil service. When the new roster of state employees makes its appearance there will be several thousand new names to replace Republicans dropped from the pay roll.

Of at the wire with the crack of the gun the Eighty-ninth General Assembly gives promise of establishing a record in introducing bills into the legislative hopper. A joint resolution to repeal the prohibition amendment has been introduced in both houses; three bills introduced changing distribution of gasoline taxes for highway construction; auto driver's license bill has been introduced in the house; bill introduced in the senate for partial appropriation of \$24,981,048 to operate the state government until the final appropriation for the biennium. New bills are coming in daily and will include the old age pension, barbers' license and many others. These promises to be a hot time in the old Capitol until adjournment of the law makers some time late in the spring.

Things are looking up in the Capital city, to use a common expression indicative of a trend toward business improvement. Quite a number of employees in various industries have returned to work and the railroads entering the city have added to the list. Hundreds of visitors arrive daily and last week over a thousand county and state fair men are in the city.

The Fifteenth Ohio Census Report, compiled under the direction of Secretary of State Clarence J. Brown, is now ready for distribution. It is a pamphlet that is bound to prove of value and interest to every one, due to the great fund of information which the report contains. Primarily it deals with the population of the principal cities and villages, reporting same from the earliest census report down to the present time. The population is like wise classified as to counties and townships. Another table shows the population of all incorporated places and another the population of cities by wards. A very interesting table states in percentage the increase or decrease of the population during the past four decades. It has been quite a task to prepare this census report and every possible effort has been put forth to assure its absolute accuracy.

Civil service examinations will be held in Cincinnati, Toledo, Cleveland, Columbus, Youngstown, Mt. Vernon, Lima, Sugarcreek, Dayton, Portsmouth, Marietta, Gallipolis, Steubenville, Canton, Zanesville and Chillicothe on January 20, 21, 22 and 23, for positions in the Highway department. The positions open are highway superintendents, laborer in state and county service, highway inspectors and bridge inspectors. Hundreds have made application and there promises to be lively competition.

GILBERT MAYOR AGAIN

Charles F. Gilbert, formerly of this place, has again been chosen mayor of South Charleston. He is also president of the village commission. South Charleston has done well under the commission form of government and is the smallest town in the country operated that way.

THOMAS J. SMITH TAX DEPUTY

County Auditor James J. Curlett announced the appointment Tuesday of Thomas J. Smith, Fairfield, as tax deputy for Greene County. These positions were held by Mr. Curlett for eight years before becoming auditor. Mr. Smith is 32 years of age, married, and is serving his third term as village clerk. He is first lieutenant in the U. S. army reserve corps and has been senior clerk at Wright Field in the service section including distribution of all air corps clothing, products, spare parts and special airplane supplies in the last different air corps in the country. He is a graduate of Bath Township high school and served in the air corps during the war.

New Valuation On Ohio Bell Company

The Ohio Public Utilities Commission has announced the valuation fixed for the Ohio Bell Telephone Company. President Elmer issues the following statement:

"The ruling of The Public Utilities Commission of Ohio, just handed down fixes a tentative value of \$104,282,735.00 as of June 30, 1925 for the property of The Ohio Bell Telephone Company in Ohio. This is a step towards a final determination of the company-wide investigation of present rates and service, which was inaugurated by the Commission in October 1924 and which has been pending before the Commission since that date.

"The Ohio Bell Telephone Company is an Associate Company of the Bell System. Our policy as to service and charges is that of the Bell System. The management feels an unusual obligation to the public to see to it that the service shall at all times be adequate, dependable and satisfactory to the user and to furnish that service at the least possible cost consistent with financial safety.

"Our margin of safety in earnings is only a small percentage of the rate charged for service. The earnings of the company under the rates charged during the period of this investigation have been inadequate.

"While we credit the Commission with a conscientious and painstaking effort to make a just decision, nevertheless the valuation figure is below the value of the company's property devoted to public use. Cutting the valuation too close can only result in the long run in deterioration of service with practically negligible benefit to the telephone user. Any lowering of present rates would impair company's ability to meet its obligation to furnish adequate and dependable service."

Penalty Now For Delinquent Per. Tax

The payers will be interested in knowing that you now must pay your tax on personal property when it is due. If it is not paid by January 20 under a law passed two years ago it will be the duty of the County Auditor to add a penalty of ten per cent which must be collected by the County Treasurer. No doubt many tax payers are not aware of the new law and should not be disappointed if something is added where the tax was not paid by January 20th.

CORONER PROBES FATAL ACCIDENT

Charges of some nature, will be preferred at as result of the accident in which Horace Anthony, prominent farmer and former state legislator, lost his life on the Dayton pike, New Year's eve, Dr. R. L. Haines, Greene County coroner said after hearing most of the witnesses at an inquest. The coroner after he hears the testimony of C. A. Bennett, Dayton, who did not appear at the inquiry.

Mr. Anthony was killed when he was struck by an automobile driven by Carroll St. John, 113 Cass street, Dayton, while standing at the rear of a truck along the truck driver, J. C. Wells, of Columbus, who was experiencing difficulty with a load of horses he was driving.

The coroner said that the witnesses disclosed that St. John has defective vision, that there was no tail light on the truck, and that Wells had no truck driver's license.

Horace Gets Headache And Leaves Meeting

Samuel D. Andrews, Jamestown pike, has been elected a member of the Xenia Township Board of Education, taking the seat vacated by Mrs. Edna C. Bull, who resigned several days ago.

The board has had some stormy scenes in recent months, one member even being accompanied to the meeting by a constable, as a body guard. The election of Andrews gave Horace Anderson the headache, and he absented himself from the meeting. There has not been harmony between these two for years and it is not likely Andrews will yet consult Anderson about future plans of the board.

Frank Wolf was re-elected president; Ray Murray, vice president, and R. E. Bryson, clerk. One other member was absent.

CEDARVILLE BOYS TO THE FRONT

This week we are going way out west to tell you something of a former Cedarville boy that is making good. It is none other than Dr. Samuel Morton Creswell, son of Mr. and Mrs. G. H. Creswell of this place. He has just been named commissioner of public welfare in the city of Tacoma, Wash., and will have charge of the health department, devoting part time to directing this work.

Dr. Creswell located in that city three years ago. He has had much experience in that work in Chicago and Detroit. Since locating in Tacoma, Dr. Creswell has specialized in internal medicine and contagious diseases.

George Watson, Cleveland, known to many here, for years has been connected with the American Express Company. He started at the bottom and has held almost all the positions necessary to reach the top. He knows the business because he lives with it. His positions have been always more than a mere job with a pay envelope each month. He is possessed with the kind of burning and determination to succeed. There is always a place for men of this type in every company that you live to serve. If you work and George is near the top.

SUIT FILED BY DEPOSITORS

Suit to recover \$2,422,237 lost by depositors of the Ohio State Bank at Washington, C. H., was filed in Common Pleas Court Monday by Columbus.

Plaintiffs are Jacob H. Oberholt, who represents the bank's 4,500 depositors; O. C. Gray, state superintendent of banking, and E. H. Blair, former bank inspector, as well as various bank inspectors were named among the defendants. Monnett charged that their failure to discover the insolvency of the institution resulted in the crash of the bank. Other defendants include Michael Monnett, president, and the board of directors of the bank, including Gray and Blair, and bank employees.

The petition contained charges in indictments returned against Daugherty at Washington, C. H., and sets up the claim that the condition of the institution would have been discovered by proper investigation of the banking department.

Results of Sale of Christmas Seals
The fifth, sixth, seventh, and eighth grades and their teachers had charge of the sale of the Christmas seals in the community this past season. The sales amounted to \$26.80. This sum was divided as follows: 5th grade, \$5.65; 6th grade, \$11.28; 7th grade, \$6.92; 8th grade, \$2.95.

In view of the fact that all the money received from this sale goes to fight the disease of tuberculosis, the school receives nothing directly, the results are certainly good.

Bowersville Boys Bow to Cedarville Girls Tie

The high school quintet pleasantly surprised a great crowd of cheering fans last Friday evening, when they defeated the much-talked-of strong team from Jefferson Township by 31-20.

Led by Harris and Harriman, who each scored ten points, the team displayed splendid pass work and cooperation on the part of every player. Gaining an advantage of 14-7 at the half, our boys played the rest of the game with ease. Even after the substitutions were made soon after the fourth quarter began, Bowersville was able to score only three times, while our second string scored twice.

Our girls were not quite as fortunate in their game. Although the score was 11-16 in Cedarville's favor at the half, Bowersville's sextet, returning with new life, scored eight points and held Cedarville to three during the second half. According to rules, ties in girls' basketball games are not played off, and the score remains 14-14.

Corry and Barnhart each scored six points, while Strobbridge's scoring was held to two fouls. The guards played exceptionally well and were able to limit the field goals made by the opponents to four.

In the opening game of the evening, the local team of the 7th and 8th grade boys was defeated by the Jefferson 7th and 8th grade team 16-4.

RED CROSS IN DRIVE TO AID DRY STATES

The national Red Cross emergency fund call for relief in twenty-one drought-stricken states is now under way and it is estimated the organization should have \$10,000,000 to relieve the suffering and feed the starving families.

Chairman W. W. Galloway, Cedarville, chairman of the Greene County Chapter, has issued a statement asking for aid. No quota has yet been determined upon for the county but will be on January 20th.

"President Hoover, as executive head of the American Red Cross, has just issued a call to the citizens of this country for an emergency relief fund of \$10,000,000 to be secured and administered through the individual chapters of the American Red Cross. The quota Greene County will be asked to furnish will be decided upon at a board meeting January 20.

"The people of this community have always responded promptly and generously to calls of this type in the past and we ask that you show the same fine spirit in helping at this time. Definite plans are being prepared for the collection of this amount.

But the present situation has created such a heavy load upon our organization that you will be helping immensely if you will voluntarily bring your contribution to the Red Cross Headquarters in Xenia, or to the Red Cross board member in your township without waiting to be called upon.

"Let there be a prompt and generous response, therefore, to this call to aid suffering humanity so that we can advise national headquarters quickly that Xenia and Greene county have met the challenge and gone over the top.

"The Greene County Chapter of The American Red Cross
"Wilson Galloway, chairman,
"Emma F. Lyons, secretary."

GEORGE WHITE TAKES OATH AS GOVERNOR

George White, Marietta, was inaugurated as governor of the state Monday with impressive, yet simple ceremonies. With a blanket of snow covering the ground and the usual weather for such events, the sun peeped through heavy clouds just as Chief Justice Marshall administered the oath.

The oath was given using an old family Bible that had been given to him by his parents many years ago. The commission was presented by Governor Cooper as his last official act. After congratulating Governor White, Ex-Governor Cooper left the platform to return to his home in Cincinnati.

The inaugural arrangements had been prepared by the Columbus Chamber of Commerce which also directed the inaugural parade, composed of many delegations from different sections of the state. Marietta sent a delegation by special train, including the high school band. "Dying the afternoon a reception was held in the capitol. Festivities of the day closed with a "Press Snooker" at the Nell House that evening.

Governor White has served in the Ohio legislature, Congress, is interested in oil and is a banker. His first step to wealth was won as a Klondike gold prospector many years ago. He has for years been a prominent Democratic leader in the state.

The Yellow Jackets will meet the Urbana University cagers Friday night at Alford Gymnasium. We expect a hard battle as the teams seem to be equally matched. The preliminary will start at 7:15.

Next Tuesday, January 20th, the Yellow Jackets will avenge the Dayton University. The Irish have a good team and beat the Yellow Jackets in a close hard fought game ending 23-22. The Yellow Jackets are out for revenge. The Dayton team will have with it Ed Flanagan, senior guard and center is the only letterman on the University of Dayton basketball squad this year. Flanagan was formerly a Prep student at the University of Dayton and takes part in all major athletics. He played end on the 1920 football team. On the hardwood Flanagan guards in close and has a good eye for the basket.
